## PUBLIC NOTICE.

A sitting of the District Court of Alberta will be held at RAYMOND on TUESDAY, NOVEMBER 12th, commencing at 10 A. M.

Dated at Edmonton,

4th November, 1913.

L. F. Clarry,

Deputy Attorney General

## Lethbridge Notes.

The congregation on Sunday last was augmented by several visitors. Mrs. Archer from Lacombe is visiting her son who is in the employ of the Telephone Company here. Mrs. Archer joined the Church in Iowa and resided for some time in Salt Lake, but has been a resident of Alberta for several years.

Mr. and Mrs. Robert Briton of Salt Lake attended service they may remain in this country if plans Mr. Briton has formulated materialize. They are delighted with the country.

The excavations for Latterday Saints church has been staked and it is expected that excavating will commence soon. The architect is preparing plans and specifications so that tenders may be called for, and it is hoped a substantial start may be made this Fall.

## W.A. Barrat Meets Death At Factory

### Popular Man was Accidentally Killed by Whirling Wheel. Impressive Funeral.

While attempting to replace a heavy belt on the shaft of the sugar mixer at the Knight Sugar Co's Plant here, Walter Barratt, a shoemaker, who has been employed as an oiler during the factory's run each season, was instantly killed Mon. morning at 2:30 o'clock. The deceased man was forty-eight years of age.

Mr. Barratt, according to Lewis Victor, an eye witness, climbed a ladder and was attempting to replace a belt on the shafting. The pulley was close to a supporting pillar, and in leaning over to reach the pulley, his jumper caught between the pulley and the belt, pulling it up over his head. Barratt went around the shifting wheel and was then caught between the shaft and the ceiling, escape from death was almost impossible.

Every thing to save him, his fellow employees did. At 6 o'clock an inquest, at which Mr. Humphries was present, was held. The jury's verdict was accidental death.

Burt Evans, head engineer at the factory, said Mr. Barratt's work did not include belt fixing, and that he had repeatedly told him to be more careful, but Mr. Barratt, evidently wanted to save someone trouble and met with this fatal accident. Mr. Barratt leaves a wife and three children Wallace Jr. Alice and Elsie.

## The Beggar Prince Scored Another Hit.

A good sized, appreciative audience was out last Wednesday night to see the Boston Opera Company in the Beggar Prince a light comic opera which is arranged to entertain and drive away trouble.

All of the parts were very well sustained and classical musical selections were mixed together with conglomerations of jokes and fun. Anyone could not help but laugh and then laugh again. It does not hurt any one to laugh and it does help a whole lot to ease the rigors of life.

We like to see such a troupe visit Raymond occasionally just as variety.

We are very glad to have Mrs. Mattie Clarke D'Arc with us in concert again, as also Miss Dorothy Young.

The funeral was held in the 1st Ward meeting house, and very impressive services were conducted, last Wednesday at two o'clock. A large number of his fellow workmen were present to hear the many beautiful things that were said by the speakers of the life of the deceased man.

Mr. Ellison and Bp. Evans spoke many consoling remarks to those left behind and Geo. Wrie, who baptised him into the mormon faith spoke of the stirring qualities the ever present good nature and the perseverance of the departed brother and was very intimately acquainted with him.

There were remarks from T. J. O'Brien, J. G. Allred and Bishop Anderson, after which the benediction was pronounced by Wm. Redd. There were a number of rigs to take the people to the cemetery but not enough to convey the large crowd present.

Mr. Barratt not being in the best of health, feels the loss immensely but the heartiest sympathy of community goes out to her and her children in their great bereavement and we say "blessings on her who knows when their time will come".

This is the second fatal accident in the factory, the other happening shortly after the opening run several years ago.

## Womans Institute.

The regular monthly meeting of the Womans Institute will be held next Wednesday in the 2nd Ward meeting house at four o'clock instead of three to enable the school teachers to attend.

The Institute has done a splendid work through the past year and now they are seating the assembly hall in the public school a long felt want in the town.

Miss. Spencer, kindergarten teacher, will give a talk on kindergarten work and its relation to the mother, also Miss L. E. Cook of Lethbridge will give an address on "Nervous Derangement". These will be two addresses, a musical number and a reading by local talent. All are invited to attend.

Have you seen the Japanese girls from Tokio? They are going to show the "Beggar Prince" chorus girls where to head in at.

## Town Council Meet.

A full attendance of the town officials was present with H. Astlund representing the town solicitors. The payroll amounting to more than \$1000 was passed. T. O. King representing the school board asked for \$5.00 to relieve the financial situation in their department. T. J. O'Brien was re-elected deputy mayor for the next quarter. After attending to minor items of business the council adjourned for one month, at eleven o'clock.

## BIRTHS.

To the wife of C. D. Peterson, Wellington, a girl, on the 3rd.

Mrs. Earl Whitney is now happy over the safe arrival of a fine baby boy on Tuesday the 5th.

To the wife of Neils Holgson of Stirling, a son, on the 6th.

Mr. W. B. Nelder took his daughter Emma to Lethbridge to be operated upon for appendicitis at the Galt Hospital. Geo. W. Green took her over in his car.

(ADVERTISEMENT)

## The Eye and the Optometrist.

It is a positive known fact that no profession has made the progress and advance that the Optometrical profession has made.

Twenty years ago we could go into most any mercantile store and ask for a pair of spectacles. The customer is asked his age and a pair of glasses was supplied to compare with the given age.

Little did we think then, that many of the miseries that both old and young were suffering from were caused by various abnormal conditions of the eye.

Little did we think the men who had to rest every afternoon exhausted from headaches, could be relieved by properly fitted spectacles.

Little did we think the backward student in school, who was seemingly doing his utmost to win with his class, who was kept in after school almost every night who was punished at school and home for his backwardness, might today be at the head of his class if he had properly adjusted spectacles.

Little did we think that faces drawn into almost every imaginable shape could be and are transformed, those who once wore frowns now wear smiles, by relieving the eye strains which was accomplished by a properly fitted spectacles.

Little did we think that the crossed eye which has marred so many beautiful faces could be entirely straightened by properly fitted spectacles.

Simply wearing spectacles does not relieve these conditions but a correction of the error must be made.

To accomplish this we must consult one who is thoroughly familiar with the mechanism of the eye, with the interior and exterior. He should know what muscles and nerves are brought into action in looking far and near when a muscle is contracted or relaxed, when an eye is too the proper shape, when it is too

## What We Are Doing At The K. A.

President Bramwell wishes to announce that Missionary Theology will begin on Mon. Nov. 13th. All students expecting to register for this course should report promptly for work.

All of the district school students of the 7th and 8th grades are taking advantage of the courses in Domestic Science and manual training offered by the Academy. Two periods a week have been provided for them and without doubt they will receive a splendid training before the year is out.

Did you hear about it? What the sophomores did last Friday night. What with their uncanny costumes and decorations the public was relieved of about \$75 before they could shake off the spell that was cast over them by that live bunch known as the sophomore class. The class cleared between \$55 and \$60 which will go to help furnish the library.

ony or to short or has an uneven curvature, and what methods to pursue to correct these defects.

Forcing the eye to see does not relieve the muscular and nervous strain. We should have a thorough examination made of the interior and exterior of each eye, not merely tested by letters but examined individually.

Nervous and sick headaches, pains over and thro the eyes, thro and between the shoulders, that constant tired feeling, spots before the eyes, weeping, loosing lines and sleepiness when reading, dimness of vision, indigestion and other complaints are symptoms of eye trouble which should have care at once.

If you have reached the age that you need a sewing or reading glass I can supply you with the famous Kryptok with which you can see far and near without the inconvenience of changing.

Parents do not hesitate to bring your children.

No matter who you have consulted or in what condition your eyes may be, do not miss this opportunity.

I offer the newest and methods hundreds of testimonials from your community and Southern Alberta.

I will visit Raymond Tuesday and Wednesday, Nov. 11-12 At Raymond Hotel.

## **Alberta Violations of The Seed Control Act**

The following firms  
 in Alberta have recently been  
 convicted of breaches of the Seed Control  
 Act:—

Henry Wilson, Edmonton.  
 J. R. Hamilton, and son,  
 Edmonton.

J. D. Griffith, Stettler.  
 J. Gilliland & Bro.,  
 Stettler.  
 R. A. Webster, Cochrane.

All the above convictions were  
 for selling grain containing noxious  
 weed seeds without indicat-  
 ing the presence of the same as  
 required by section 6 of the Seed  
 Control Act. In addition J. Gill-  
 iland & Bro. of Stettler were con-  
 victed of selling Timothy seed  
 containing more weed seeds than  
 allowed under the Act.

It is the intention of the Do-  
 minion Department of Agriculture  
 to strictly enforce the provisions of  
 the Control Act throughout the  
 West, and all persons handling  
 seed should see to it that seed is  
 sold in accordance with the Act.

A well equipped Seed Labo-  
 ratory is at the service of all who  
 desire to have seed tested. Copies  
 of the Act and information as to  
 the same may be obtained from the  
 Dominion Seed Branch, Calgary.

## **Hallowell Troupe not Patronized.**

Last Saturday night as was ad-  
 vertised the Hallowell's Concert  
 Orchestra played in the opera-  
 house. The company was all that  
 it was advertised to be and more.  
 It was high class in every particu-  
 lar and deserved much better  
 support than was accorded this  
 talented troupe of performers.

Their program consisted of class-  
 ical orchestral numbers and vocal  
 solos as well as several very good  
 individual instrumental selections.  
 Every one present who was in any  
 way a lover of good music was de-  
 lighted.

Raymond will not be able to  
 draw such attractions as this if we  
 do not accord them better support.

## **Grand Concert of Stake M. I. A.**

The following program is to be  
 rendered on the first night of Con-  
 ference, in the opera house. The  
 program speaks for itself and will  
 be given under the auspices of the  
 Stake M. I. A. board. The seats  
 will be on sale at least two days  
 before the concert and reserve  
 seats will be fifty cents. General  
 admission at the back will be 35  
 cents and admission to the gallery  
 will be 25 cents.

The Stake Board are planning  
 big things for the coming winter  
 and any support they get will be

- much appreciated.  
 Concert program  
 Nov. 8th.
1. Ladies Chorus  
 Magrath Prize Winners
  2. Comic Reading  
 Miss Ethelyn Young
